Health Care tax increase

The attached lists have received our latest assault on the Health Care tax increase. In addition, Kevin Stach at Empower America is arranging for it to go to 600+ radio talk show hosts across the country. We are turning the paper into an op-ed to propose to the Philadelphia Inquirer; and Michael Herson, an AdTI Visiting Fellow who is running against Frank Pallone in N.J. is going to make it a major issue.

Please provide me with additional contacts you would like to receive "The Biggest Tax Increase in History?"

Thank you.
